

FC0500 F-35 Desktop Control Stick

Part Number: 20B120839-1010

- Grip shape is an accurate replication of actual aircraft grip
- Switches have the same form, fit and function as flight grip
- Stick deflection set at factory up to 15 degrees
- Force in pitch and roll are set to factory 8-10 lbs.
- Low cost, durable and repeatable mechanism for pitch and roll axis.
- Interface via Bugeye Standard USB/Ethernet controller
- Can be ordered with throttle as an F-35 HOTAS set by part number 20B110018-1001

FC0500 F-35 Desktop Throttle

Part Number: 20B120840-1001

- Grip shape is an accurate replication of actual aircraft grip
- Switches have the same form, fit and function as flight grip
- Throttle movement is 3.9 inches
- Smooth linear motion via linear bearing slides.
 - Friction factory set up to 5 lbs.
- Low cost, durable and repeatable mechanism.
- Interface via Bugeye Standard USB/Ethernet controller
- Can be ordered with stick as an F-35 HOTAS set by part number 20B110018-1001
